Re: Ingraham Renovations SEPA Hearing Decision

Dear Mr. Stephens:

In accordance with Seattle School District Resolution 1987-17, I designated a hearing officer to hear evidence and prepare recommended findings, conclusions, and decision on the appeal filed by neighbors of Ingraham High School of the determination of nonsignificance ("DNS") issued for the Ingraham renovations.

The hearing officer conducted a hearing on June 25, 27, and 30, 2008. Her recommendation ("Recommendation") was forwarded to me on July 24, 2008. I have reviewed the Recommendation and have determined to adopt it.

Accordingly, I adopt the hearing examiner's Recommendation, including her findings of fact, conclusions, and recommended decision and the appeal of the neighbors is denied.

Sincerely,

A handwritten signature in black ink, appearing to read "for Maria L. Goodloe-Johnson".
